PROJECTS

POLICEPRONET

I built a robust police website for license management, fine payments, viewing license details, and submitting complaints.

MELORCRAFT

I've created a streamlined prototype web front end for a music website.

"KD" FITNESS CENTER (GYM MANAGEMENT SYSTEM)

I've built a gym management system in C# and SQL Server, allowing member management and monthly payments.

AUTOMATIC WATER TAP

I developed an automated water tap system focused on water conservation.

ABOUT

I'm Kalana Kalhara Anushka De Silva, a web developer with two years of front-end finesse. Currently immersed in the realm of software engineering studies, I'm passionate about crafting visually stunning and user-centric website
